Azle ISD Limited Open Enrollment Guidelines

All applications for transfer are required to meet the following standards:

- The student must not have more than 3 unexcused absences for the current and the previous school year.
- The student must be passing all classes in the current school year and passed all classes in the previous school year.
- The student must have passed all portions of his/her latest state test/assessment exam for the current (if applicable) and past two years; currently State of Texas Assessments of Academic Readiness (STAAR). Students from home school, private school or non-accredited school must show satisfactory scores on standardized achievement test.
- The campus principal may request to meet with the parents and student and have parents provide documentation of the above standards.
- The student must not be transferring for athletic purposes.
- In the current (if applicable) or previous school year, the student must not have more than 3 office referrals, a single DAEP assignment or committed an act that could result in an expulsion.

Factors that will be considered in approving open enrollment transfers include, but are not limited to:

- building capacity,
- current program or campus enrollment,
- growth projections,
- grade level enrollments,
- teacher allocations,
- professional staff allocations,
- and the student's academic, behavior and attendance history.

The superintendent or designee will declare schools open or closed for student transfers based on campus capacity, special circumstances, and/or other administrative considerations prior to each school year by July 1st.

- On each campus designated "open" for student transfers, the campus principal will declare the number of seats available at each grade level/program.
- Parents may apply at the open school(s) of their choice.
- The process of selection is on a first-come, first-served basis for students who meet the criteria. Preference will be given to the children of AISD full-time continuously employed staff members and students who are already in attendance at the requested campus.

Other factors:

- Students entering kindergarten are exempt from attendance and academic standards.
- Students who participate in University Interscholastic League (UIL) athletics are excluded from open enrollment transfers until they have verified eligibility through the Director of Athletics at 817-270-1725.
- Students who transfer for athletic purposes may lose all remaining eligibility.
- All transfer students who are outside the campus attendance boundaries must reapply and qualify annually.
- Application is by student and not family. This is required because the student is applying for a specific empty seat in a specific grade at a specific campus.
- The campus principal may deny a transfer for the next school year, or revoke during current school year if the student has poor attendance, excessive tardiness, or inappropriate behavior (i.e. more than three referrals, or placement in DAEP or Expulsion) .
- Azle ISD will not consider race, color, creed, religion, sex, national origin, ancestry, marital status, status with regard to public assistance, disability, age, sexual orientation or preference, military status.
- In case of overcrowding, the district reserves the right to move an out-of-district transfer to another campus if space is available.
