

Apple IDs

It will be necessary for every student to create a new Apple ID to use with their district-issued iPad. An Apple ID is used to connect to the Apple Store to download Apps. Apple requires the Apple ID to be a qualified and accessible email address.

1. An email account will need to be created. Azle ISD recommends you create an email account with Yahoo or Gmail. This email account will remain the property of the student forever.
2. Using this email address, students need to create their Apple ID.

** It is very important that students remember their Apple ID password as well as be able to access the email address they created. If you lose your Apple ID password, the student will be able to reset it by going to www.iforgot.apple.com. Apple will email the user instructions to reset their Apple ID.

Creating an Apple ID without a Credit Card

1. Open <http://www.apple.com/itunes/> in a web browser. Download iTunes. Install using default settings if you don't have it on your computer already.

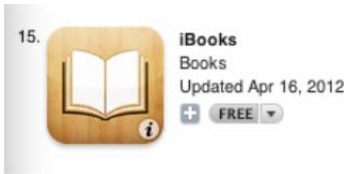

2. Open iTunes and click the iTunes Store.
3. Click the App Store link at the top of the page.

4. On the right side of the iTunes window, scroll down to Free Apps box and click on See All>

5. Find iBooks and click on the Free button.

6. Click on Create Apple ID.

Sign in to download from the iTunes Store
If you have an Apple ID and password, enter them here. If you've used the iTunes Store or iCloud, for example, you have an Apple ID.
